The Unmistakable Touch of Grace Mar 05 2020 In The Unmistakable Touch of Grace, the New York Times bestseller, author Cheryl Richardson, takes readers on a spiritual adventure that awakens them to the power of grace. 'Every event we experience and every person we meet has intentionally been put in our path to help us lead more fulfilling lives', says Cheryl – and once you learn to view your life from this spiritual perspective, the smile you receive from a stranger is no longer a random event, the call you get from an old friend is no longer a surprise, and the failed relationship that left you broken hearted is no longer a source of bitterness and pain. Instead, it's seen as a blessing in disguise, a gift that makes you stronger, more conscious, and ultimately, more alive. In her most personal book to date, Cheryl takes readers on a journey that will open their hearts and minds to the power of grace. Using inspirational stories, provocative experiments, and striking examples from her own life, she helps readers recognize that: There is a power force of energy available to lead you in the right direction. When you surrender and allow grace to lead, the right doors will open. Everything does, in fact, happen for a reason. You are surrounded by 'spiritual change agents' – people who have agreed to take on roles that support your spiritual evolution. Rich with amazing stories of how grace has shaped her life and the lives of others, The Unmistakable Touch of Grace gives readers the inspiration and vision to see the 'hidden' miracles that occur in their everyday lives.

The Art of Being Jan 27 2022 A guide to well-being from the renowned social psychologist and New York Times–bestselling author of The Art of Loving and Escape from Freedom. Though laptops, smartphones, and TVs have in many ways made life more convenient, they have also disconnected us from the real world. Days are spent going from screen to machine, machine to screen. In The Art of Being, renowned humanist philosopher and psychoanalyst Erich Fromm draws from sources as varied as Sigmund Freud, Buddha, and Karl Marx to find a new, centered path to self-knowledge and well-being. In order to truly live, Fromm argues, we must first understand our purpose, and the places where we lost it. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

THE GREAT GATSBY Aug 22 2021 THE GREAT GATSBY BY F. possible reading experience. We specialize in publishing classic books and have been publishing books since 2014. We now have over 500 book listings available for purchase. Enjoy!

Blackout Jun 07 2020 *A NEW YORK TIMES BESTSELLER* For Sarah Hepola, alcohol was "the gasoline of all adventure." She spent her evenings at cocktail parties and dark bars where she proudly stayed till last call. Drinking felt like freedom, part of her birthright as a strong, enlightened twenty-first-century woman. But there was a price. She often blacked out, waking up with a blank space where four hours should be. Mornings became detective work on her own life. What did I say last night? How did I meet that guy? She apologized for things she couldn't remember doing, as though she were cleaning up after an evil twin. Publicly, she covered her shame with self-deprecating jokes, and her career flourished, but as the blackouts accumulated, she could no longer avoid a sinking truth. The fuel she thought she needed was draining her spirit instead. A memoir of unblinking honesty and poignant, laugh-out-loud humor, **BLACKOUT** is the story of a woman stumbling into a new kind of adventure--the sober life she never wanted. Shining a light into her blackouts, she discovers the person she buried, as well as the confidence, intimacy, and creativity she once believed came only from a bottle. Her tale will resonate with anyone who has been forced to reinvent or struggled in the face of necessary change. It's about giving up the thing you cherish most--but getting yourself back in return. *Includes Reading Group Guide*

The Shadow Drawing Aug 29 2019 "[The Shadow Drawing] reorients our perspective, distills a life and brings it into focus—the very work of revision and refining that its subject loved best." —Parul Sehgal, *The New York Times* | Editors' Choice An entirely new account of Leonardo the artist and Leonardo the scientist, and why they were one and the same man Leonardo da Vinci has long been celebrated for his consummate genius. He was the painter who gave us the Mona Lisa and The Last Supper, and the inventor who anticipated the advent of airplanes, hot air balloons, and other technological marvels. But what was the connection between Leonardo the painter and Leonardo the scientist? Historians of Renaissance art have long supposed that Leonardo became increasingly interested in science as he grew older and turned his insatiable curiosity in new directions. They have argued that there are, in effect, two Leonardos—an artist and an inventor. In this pathbreaking new interpretation, the art historian Francesca Fiorani offers a different view. Taking a fresh look at Leonardo's celebrated but challenging notebooks, as well as other sources, Fiorani argues that Leonardo became familiar with advanced thinking about human vision when he was still an apprentice in a Florence studio—and used his understanding of optical science to develop and perfect his painting techniques. For Leonardo, the task of the painter was to capture the interior life of a human subject, to paint the soul. And even at the outset of his career, he believed that mastering the scientific study of light, shadow, and the atmosphere was essential to doing so. Eventually, he set down these ideas in a book—*A Treatise on Painting*—that he considered his greatest achievement, though it would be disfigured, ignored, and lost in subsequent centuries. Ranging from the teeming streets of Florence to the most delicate brushstrokes on the surface of the Mona Lisa, *The Shadow Drawing* vividly reconstructs Leonardo's life while teaching us to look anew at his greatest paintings. The result is both stirring biography and a bold reconsideration of how the Renaissance understood science and art—and of what was lost when that understanding was forgotten.

Possession Apr 05 2020 Hailed by *The New York Times Book Review* as "a gifted observer, able to discern the exact details that bring whole worlds into being" and "a storyteller who could keep a sultan on the edge of his throne for a thousand and one nights," A. S. Byatt writes some of the most engaging and skillful novels of our time. *Time* magazine calls her "a novelist of dazzling inventiveness." *Possession*, for which Byatt won England's prestigious Booker Prize, was praised by critics on both sides of the Atlantic when it was first published in 1990. "On academic rivalry and obsession, Byatt is delicious. On the nature of possession—the lover by the beloved, the biographer by his subject—she is profound," said *The Sunday Times* (London). *The New Yorker* dubbed it "more fun to read than *The Name of the Rose* . . . Its prankish verve [and] monstrous richness of detail [make for] a one-woman variety show of literary styles and types." The novel traces a pair of young academics—Roland Michell and Maud Bailey—as they uncover a clandestine love affair between two long-dead Victorian poets. Interwoven in a mesmerizing pastiche are love letters and fairytales, extracts from biographies and scholarly accounts, creating a sensuous and utterly delightful novel of ideas and passions. With an Introduction by the author that describes the novel's origins and its twenty-year gestation, this Modern Library edition is a handsome keepsake for fans of *Possession*—new and old alike.

Sag Harbor Jul 09 2020 NATIONAL BESTSELLER • From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys*: a hilarious and supremely original novel set in the Hamptons in the 1980s, "a tenderhearted coming-of-age story fused with a sharp look at the intersections of race and class" (*The New York Times*). Benji Cooper is one of the few Black students at an elite prep school in Manhattan. But every summer, Benji escapes to the Hamptons, to Sag Harbor, where a small community of Black professionals have built a world of their own. The summer of '85 won't be without its usual trials and tribulations, of course. There will be complicated new handshakes to fumble through and state-of-the-art profanity to master. Benji will be tested by contests big and small, by his misshapen haircut (which seems to have a will of its own), by the New Coke Tragedy, and by his secret Lite FM addiction. But maybe, just maybe, this summer might be one for the ages. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle*!

The Life-Changing Science of Detecting Bullshit Nov 12 2020 Expanding upon his viral TEDx Talk, psychology professor and social scientist John V. Petrocelli reveals the critical thinking habits you can develop to recognize and combat pervasive false information that harms society in *The Life-Changing Science of Detecting Bullshit*. Bullshit is the foundation of contaminated thinking and bad decisions leading to health consequences, financial losses, legal consequences, broken relationships, and wasted time and resources. No matter how smart we believe ourselves to be, we're all susceptible to bullshit—and we all engage in it. While we may brush it off as harmless marketing sales speak or as humorous, embellished

claims, it's actually much more dangerous and insidious. It's how Bernie Madoff successfully swindled billions of dollars from even the most experienced financial experts with his Ponzi scheme. It's how the protocols of Mao Zedong's Great Leap Forward resulted in the deaths of 36 million people from starvation. Presented as truths by authority figures and credentialed experts, bullshit appears legitimate, and we accept their words as gospel. If we don't question the information we receive from bullshit artists to prove their thoughts and theories, we allow these falsehoods to take root in our memories and beliefs. This faulty data affects our decision making capabilities, sometimes resulting in regrettable life choices. But with a little dose of skepticism and a commitment to truth seeking, you can build your critical thinking and scientific reasoning skills to evaluate information, separate fact from fiction, and see through bullshitter spin. In *The Life-Changing Science of Detecting Bullshit*, experimental social psychologist John V. Petrocelli provides invaluable strategies not only to recognize and protect yourself from everyday bullshit, but to accept your own lack of knowledge about subjects and avoid in engaging in bullshit just for societal conformity. With real world examples from people versed in bullshit who work in the used car, real estate, wine, and diamond industries, Petrocelli exposes the red-flag warning signs found in the anecdotal stories, emotional language, and buzzwords used by bullshitters that persuade our decisions. By using his critical thinking defensive tactics against those motivated by profit, we will also learn how to stop the toxic misinformation spread from the social media influencers, fake news, and op-eds that permeate our culture and call out bullshit whenever we see it.

Killing Patton Oct 31 2019 Readers around the world have thrilled to *Killing Lincoln*, *Killing Kennedy*, and *Killing Jesus*--riveting works of nonfiction that journey into the heart of the most famous murders in history. Now from Bill O'Reilly, iconic anchor of *The O'Reilly Factor*, comes the most epic book of all in this multimillion-selling series: *Killing Patton*. General George S. Patton, Jr. died under mysterious circumstances in the months following the end of World War II. For almost seventy years, there has been suspicion that his death was not an accident--and may very well have been an act of assassination. *Killing Patton* takes readers inside the final year of the war and recounts the events surrounding Patton's tragic demise, naming names of the many powerful individuals who wanted him silenced.

A Life of Being, Having, and Doing Enough Sep 22 2021 From the moment we are born, we are seekers. Our culture obsessively promotes the pursuit of money, success and self-improvement. At the end of each activity-jammed day, though, we collapse into bed discouraged by everything we have not checked off on our to-do lists, in despair that whatever we have accomplished is never enough. Worse still, when our dreams become derailed by the inherent tragedies of life—job loss, financial peril, sickness, or the death of a loved one—we feel devastated by the pain and injustice of it all. Nationally renowned author, therapist, and minister Wayne Muller offers healing for the perpetually stressed in *A Life of Being, Having, and Doing Enough*. By learning compassion and mercy for ourselves and by recognizing what is most profoundly true about who we are and what we need, we can gain the self-acceptance so that whatever we choose to do, in this moment, it is wholly enough. Muller mixes the writings of great spiritual and political leaders with inspirational anecdotes from his own life, inviting us to derive more satisfaction from less and pull gratitude out of the ashes of grief. The answer to what he describes as "authentic happiness" lies not in seeing the glass as half full instead of half empty. In reality, he writes, the glass is always half full and half empty. The world is neither broken nor whole, but eternally engaged in rhythms between joy and sorrow. With Muller's guidance, we may find ourselves on the most courageous spiritual pilgrimage of our lives.

The Better Angels of Our Nature Oct 12 2020 Presents a controversial history of violence which argues that today's world is the most peaceful time in human existence, drawing on psychological insights into intrinsic values that are causing people to condemn violence as an acceptable measure.

Don't Make a Black Woman Take Off Her Earrings Aug 10 2020 If you can count on one thing from "Madea" Mabel Simmons, star of the smash hits *Diary of a Mad Black Woman*, *Madea's Family Reunion*, and *Madea's Witness Protection*, it's that she's got something to say. Now the beloved, sharp-tongued, pistol-packing grandmother has her own lifestyle book-part memoir, many parts hard-won, hilarious, straight-up in-your-face words of wisdom. *Don't Make a Black Woman Take Off Her Earrings* is a #1 New York Times bestseller and a won a Quill Award for Book of the Year, Best Humor Book in 2006.

The Red Racer May 07 2020 Nona tries desperately to get rid of her junky old bike so that she can get the Deluxe Rocket Racer which she sees in the store window.

My Little Occult Book Club Sep 30 2019 My Little Occult Book Club is a hilarious collection of Steven Rhodes' parody book covers for the aspiring occultist, exorcist, necromancer, and more, illustrated in his fan-favorite artistic twist on retro '70s and '80s children's books. The humorous fake titles include *Sell Your Soul! (Economics for Children)*, *Necromancy for Beginners*, and *Caring for Your Demon Cat*, and much more. • Written in a playful voice that parodies subscription book catalogs • Features fun puzzles and activities • Funny fake mail order offers for gifts such as "Cursed Videocassette" Whether you're looking for a health guide for your changing werewolf body or a simple introduction to alien abduction, this silly and twisted read features a wide selection of books for any occult need. For fans of dark humor, nostalgic horror, and vintage books alike, don't wait—order today! • Perfect book for fans of *Stranger Things*, *IT*, and *The Chilling Adventures of Sabrina* • You'll love this book if you love books like *Yiddish with Dick and Jane* by Ellis Weiner and Barbara Davilman and *My Best Friend's Exorcism: A Novel* by Grady Hendrix

Churchill Style May 19 2021 A look at the towering twentieth-century leader and his lifestyle that goes beyond the political and into the personal. Countless books have examined the public accomplishments of the man who led Britain in a desperate fight against the Nazis with a ferocity and focus that earned him the nickname "the British Bulldog." *Churchill Style* takes a different kind of look at this historic icon—delving into the way he lived and the things he loved, from books to automobiles, as well as how he dressed, dined, and drank in his daily life. With numerous photographs, this unique volume explores

Churchill's interests, hobbies, and vices—from his maddening oversight of the renovation of his country house, Chartwell, and the unusual styles of clothing he preferred, to the seemingly endless flow of cognac and champagne he demanded and his ability to enjoy any cigar, from the cheapest stogies to the most pristine Cubans. Churchill always knew how to live well, truly combining substance with style, and now you can get to know the man behind the legend—from the top of his Homburg hat to the bottom of his velvet slippers. "All readers will appreciate Singer's highly intelligent observations about how Churchill's style contributed to, and was ultimately an integral part of his brilliant career." —Gentleman's Gazette

Running Training Like a Business Mar 29 2022 Many of today's business leaders champion learning as essential to business success, backing their belief with massive investments in Training and Development (T&D). In fact, T&D investments reach \$56 billion per year in the U.S. alone. In this era of unprecedented opportunity, the time is right for T&D to become a full-fledged "player" in the world of business. At issue, the authors contend, is T&D's inability to seize this opportunity and deliver unmistakable value to its most influential customers—the executives who pay for training services but are unable to see clear business value being returned on their companies' training investments. The authors also contend that T&D must alter the traditional precepts that keep it "separate from the business" and "out of the loop" strategically. Van Adelsberg and Trolley suggest that the key to delivering unmistakable business value lies in transforming T&D—in spirit and in practice—from a function to a business. The authors draw on their experiences working inside Moore Corporation, DuPont, Mellon Bank, Kaiser Permanente, Texas Instruments, and other top businesses to illustrate how "Running Training Like a Business":

1. Eliminates the many hidden costs of training;
2. Re-focuses T&D from delivering training content to addressing business issues;
3. Makes T&D a full strategic partner in business decision making;
4. Ensures that training measurement is "baked in, not bolted on";
5. Improves the effectiveness and efficiency of internal and/or external T&D organizations.

Trolley and van Adelsberg lead the reader through a proven four-step process for transforming traditional training organizations into training enterprises capable of delivering unmistakable value, quarter after quarter and year after year.

A Deadly Wandering Dec 02 2019 "Deserves a spot next to *Fast Food Nation* and *To Kill a Mockingbird* in America's high school curriculums. To say it may save lives is self-evident." —New York Times Book Review (Editor's Choice) NEW YORK TIMES BESTSELLER • A BEST BOOK OF THE YEAR: San Francisco Chronicle, Christian Science Monitor, Kirkus, Winnipeg Free Press One of the decade's most original and masterfully reported books, *A Deadly Wandering* by Pulitzer Prize-winning New York Times journalist Matt Richtel interweaves the cutting-edge science of attention with the tensely plotted story of a mysterious car accident and its aftermath to answer some of the defining questions of our time: What is technology doing to us? Can our minds keep up with the pace of change? How can we find balance? On the last day of summer, an ordinary Utah college student named Reggie Shaw fatally struck two rocket scientists while texting and driving along a majestic stretch of highway bordering the Rocky Mountains. *A Deadly Wandering* follows Reggie from the moment of the tragedy, through the police investigation, the state's groundbreaking prosecution, and ultimately, Reggie's wrenching admission of responsibility. Richtel parallels Reggie's journey with leading-edge scientific findings on the impact technology has on our brains, showing how these devices play to our deepest social instincts. A propulsive read filled with surprising scientific detail, riveting narrative tension, and rare emotional depth, *A Deadly Wandering* is a book that can change—and save—lives.

A Better Offering Feb 02 2020 When in-person worship came to a screeching halt in 2020, many church leaders lamented, "What are we going to do if we can't pass the plate/basket for the offering?" Creative pivoting happened for many who sought to navigate the unexpected pandemic and post-pandemic path. The result—funding for ministry and mission that exceeded pre-pandemic projections. Many lamenters were surprised when they heard themselves say, "We never have to pass the plate again!" Donald A. Smith is a generosity strategist, mentor, and coach to pastors and church leaders. Author of the book, "A Better Offering: 5 Unmistakable Habits of Generous Churches," Don encourages readers to use the challenges of this unimaginable season as an opportunity to assess every practice in the church, especially those related to generosity and communicating the mission of the church. As a former pastor, Smith offers a host of stories from his own life, from his fruitful pastoral ministry, and from his work as a generosity strategist to churches and their leaders. Ultimately, he invites church leaders to envision a better offering and to consider five unmistakable habits that churches have found to be effective in growing generosity. In his Foreword to the book, Dr. J. Clif Christopher (a colleague of Don's who has authored many books on generosity, including "Not Your Parents' Offering Plate") writes: "For the last fifteen years Don has become a mentor to countless pastors and congregations while helping to bring new life in our changing times to the churches he has served. Now it is his turn to write his story so that even more people can learn from his vast experience. Every pastor and financial leader of a congregation should read and study this book, then use it." Don's story will equip churches to tell their stories in a way that will inspire greater generosity. The result—a better offering.

As a Woman Jun 19 2021 "A moving and unforgettable memoir of a transgender pastor's journey from despair to joy as she transitioned from male to female and learned about gender inequity, at home and in the workplace—perfect for fans of *Redefining Realness* and *There Is Room for You*"--

Unmistakable Aug 02 2022 Stop trying to beat everyone else. True success is playing by your own rules, creating work that no one can replicate. Don't be the best, be the only. You're on the conventional path, checking off accomplishments. You might be doing okay by normal standards, but you still feel restless, bored, and limited. Srinivas Rao gets it. As a new business school graduate, Srinivas's dreams were crushed by a soulless job that demanded only conformity. Sick of struggling to keep his head above water, Srinivas quit his job and took to the waves, pursuing his dream of learning to surf. He also found the freedom to chart his own course. Interviewing more than five hundred creative people on his *Unmistakable* Creative podcast was the ultimate education. He heard how guests including Seth Godin, Elle Luna, Tim Ferriss, Simon

Sinek, and Danielle LaPorte blazed their own trails. Srinivas blends his own story with theirs to tell you: You can find that courage too. Don't be just one among many—be the only. Be unmistakable. Trying to be the best will chain you to others' definition of success. Unmistakable work, on the other hand, could only have been created by one person, so competition is irrelevant. Like Banksy's art or Tim Burton's films, unmistakable work needs no signature and has no precedent. Whether you're a business owner, an artist, or just someone who wants to leave your mark on the world, Unmistakable will inspire you to create your own path and define your own success.

He's Not That Interested, He's Just Passing Time Feb 25 2022 How to Tell if a Man Wants You for a Lifetime or Only for the Moment Men don't really have "commitment issues." At least, not in the way most women think men do. When a man tells you he has "commitment issues", there's a good chance that what he REALLY means is he's not that interested in you and is just using you to pass time with until he meets someone "better." When a man isn't interested in a relationship with you, his "commitment issues" are nothing more than an excuse to waste your time and reap the benefits of your decision to stay with him in order to "see where this thing goes." It's at this point where many women make one of the worse dating decisions possible, as they choose to remain with a half-interested man, hoping that over time they'll be able to "lull" him into a serious commitment. The Biggest Reason Why Men Pull Away and Suddenly Lose Interest Women often wonder why men pull away and lose interest in a blossoming romance without so much as a warning. Though there could be a ton of reasons why a man might pull away, the most common reason for his loss of interest is this: he wasn't THAT interested in you to begin with. In general, even though men are more than able to commit to a woman once certain conditions in their life are met, they will not directly inform you when you're not the right girl for them or that now isn't the right time for them to take a woman seriously. And because men are far more opportunistic when it comes to dating, a lot of guys won't hesitate to take advantage of a dating situation that reaps high rewards with as little effort possible. How to Avoid Dating Men Who Will Keep You Unloved and Perpetually Unclaimed No matter which way you look at it, even though men don't really have commitment issues, they don't find it necessary or in their best interest to inform a woman when she's nothing more than a beautiful distraction, a way to earn the respect of his peers, or just a target to sharpen his seduction skills so that he'll be primed and ready when a "better" woman comes along. This is the ugly truth, but there's hope. In this book, you'll get an inside look at how a man thinks and interacts with a woman when he's not that interested in her. This sort of male behavior is actually easy to spot IF you know what to look for. It's extremely difficult for a man to waste your time and treat you like a short-term plaything without exhibiting certain unmistakable behaviors that clearly communicate that he's trying to keep you interested...but unclaimed. Here's what you're going to learn inside: The seductive language men use when they want to discourage you from wanting a COMMITTED relationship. How quickly learning this ONE thing about him can tell you if he's "unequipped" to handle a serious relationship. The pattern in a man's dating history that IMMEDIATELY reveals if he's a commitment-phobic time waster. How to avoid being confused by men who might love you tenderly, but would NEVER make you their girlfriend. How to stop losing sleep wondering "DOES HE LIKE ME?" and get him to either take you seriously or take a hike! How observing this simple behavior reveals if he thinks you're "THE ONE" or just "Some One" to pass time with until he finds his Ms. Right. The relationship red flags for recognizing a DEAD ON ARRIVAL romance so you don't end up wasting your time. How to tell if a man is still secretly IN LOVE with his ex and is only one sad love song away from abandoning YOU for HER. And much, much more... Would You Like to Know More? Get started right away and discover how to tell if a man desperately wants you or if he's just not that into you. Scroll to the top of the page and select the "buy button" now.

Old In Art School Jul 21 2021 A finalist for the National Book Critics Circle Award, this memoir of one woman's later in life career change is "a smart, funny and compelling case for going after your heart's desires, no matter your age" (Essence). Following her retirement from Princeton University, celebrated historian Dr. Nell Irvin Painter surprised everyone in her life by returning to school—in her sixties—to earn a BFA and MFA in painting. In *Old in Art School*, she travels from her beloved Newark to the prestigious Rhode Island School of Design; finds meaning in the artists she loves, even as she comes to understand how they may be undervalued; and struggles with the unstable balance between the pursuit of art and the inevitable, sometimes painful demands of a life fully lived. How are women and artists seen and judged by their age, looks, and race? What does it mean when someone says, "You will never be an artist"? Who defines what an artist is and all that goes with such an identity, and how are these ideas tied to our shared conceptions of beauty, value, and difference? Bringing to bear incisive insights from two careers, Painter weaves a frank, funny, and often surprising tale of her move from academia to art in this "glorious achievement—bighearted and critical, insightful and entertaining. This book is a cup of courage for everyone who wants to change their lives" (Tayari Jones, author of *An American Marriage*).

How to Die Feb 13 2021 A radical reevaluation of how contemporary society perceives death—and an argument for how it can make us happy. "He who would teach men to die would teach them to live," writes Montaigne in *Essays*, and in *How to Die: A Book about Being Alive*, Ray Robertson takes up the challenge. Though contemporary society avoids the subject and often values the mere continuation of existence over its quality, Robertson argues that the active and intentional consideration of death is neither morbid nor frivolous, but instead essential to our ability to fully value life. *How to Die* is both an absorbing excursion through some of Western literature's most compelling works on the subject of death as well as an anecdote-driven argument for cultivating a better understanding of death in the belief that, if we do, we'll know more about what it means to live a meaningful life.

The Cowboy's Unexpected Love Nov 24 2021 *The Cowboy's Unexpected Love* is the first book in the new, sweet n steamy, western romance series from USA Today Bestselling author SJ McCoy. The MacFarland Ranch series takes us back to Paradise Valley, Montana, where the winters are cold and hard, and the cowboys are hot and harder. Wade MacFarland is

one of life's good guys. He built and runs a guest lodge on the family ranch. His marriage to his high school sweetheart ended in bitter divorce years ago, his only consolation being that they didn't have kids. He's not looking for love anymore, but he'd be happy if it found him. What he doesn't expect is to find love sitting in a ditch on the side of the highway – in a wedding dress. Sierra Hartford is running from her wedding – and running for her life. The life that she's never been in charge of. She's the heiress to Hartford Enterprises, and with her father and brother dead, she's a billionaire in her own right. Running from someone who plans to kill her lands her in the arms of a kind, sexy cowboy who makes her want a whole new life. And if simply staying alive wasn't enough to deal with, Sierra's also about to become the adoptive mom to two small children. She's never met them, but she's determined to give them a good life. She might be falling hard for Wade, but he's divorced because he didn't want children. He didn't expect her to come into his life, how can she expect him to accept the children? Pick up your copy of this sweet and steamy romance and you'll laugh and cry with Wade and Sierra as they discover that unexpected love can be the very best kind.

The Dictionary of Obscure Sorrows Jan 03 2020 NEW YORK TIMES BESTSELLER “It’s undeniably thrilling to find words for our strangest feelings...Koenig casts light into lonely corners of human experience...An enchanting book. “ —The Washington Post A truly original book in every sense of the word, *The Dictionary of Obscure Sorrows* poetically defines emotions that we all feel but don't have the words to express—until now. Have you ever wondered about the lives of each person you pass on the street, realizing that everyone is the main character in their own story, each living a life as vivid and complex as your own? That feeling has a name: “sonder.” Or maybe you've watched a thunderstorm roll in and felt a primal hunger for disaster, hoping it would shake up your life. That's called “lachesism.” Or you were looking through old photos and felt a pang of nostalgia for a time you've never actually experienced. That's “anemoia.” If you've never heard of these terms before, that's because they didn't exist until John Koenig set out to fill the gaps in our language of emotion. *The Dictionary of Obscure Sorrows* “creates beautiful new words that we need but do not yet have,” says John Green, bestselling author of *The Fault in Our Stars*. By turns poignant, relatable, and mind-bending, the definitions include whimsical etymologies drawn from languages around the world, interspersed with otherworldly collages and lyrical essays that explore forgotten corners of the human condition—from “astrophe,” the longing to explore beyond the planet Earth, to “zenosyne,” the sense that time keeps getting faster. *The Dictionary of Obscure Sorrows* is for anyone who enjoys a shift in perspective, pondering the ineffable feelings that make up our lives. With a gorgeous package and beautiful illustrations throughout, this is the perfect gift for creatives, word nerds, and human beings everywhere.

Ramage's Signal Jun 27 2019 With Bonaparte Napoleon at the height of his powers, the Mediterranean can be safely considered exclusive French territory. So when Captain Ramage and his crew are sent alone into Mediterranean waters, they can expect to be outnumbered. But it is the French who discover they have an enemy they had not bargained for.

The Thousand Autumns of Jacob de Zoet Dec 14 2020 By the New York Times bestselling author of *The Bone Clocks* and *Cloud Atlas* | Longlisted for the Man Booker Prize In 2007, *Time* magazine named him one of the most influential novelists in the world. He has twice been short-listed for the Man Booker Prize. The New York Times Book Review called him simply “a genius.” Now David Mitchell lends fresh credence to *The Guardian's* claim that “each of his books seems entirely different from that which preceded it.” *The Thousand Autumns of Jacob de Zoet* is a stunning departure for this brilliant, restless, and wildly ambitious author, a giant leap forward by even his own high standards. A bold and epic novel of a rarely visited point in history, it is a work as exquisitely rendered as it is irresistibly readable. The year is 1799, the place Dejima in Nagasaki Harbor, the “high-walled, fan-shaped artificial island” that is the Japanese Empire's single port and sole window onto the world, designed to keep the West at bay; the farthest outpost of the war-ravaged Dutch East Indies Company; and a de facto prison for the dozen foreigners permitted to live and work there. To this place of devious merchants, deceitful interpreters, costly courtesans, earthquakes, and typhoons comes Jacob de Zoet, a devout and resourceful young clerk who has five years in the East to earn a fortune of sufficient size to win the hand of his wealthy fiancée back in Holland. But Jacob's original intentions are eclipsed after a chance encounter with Orito Aibagawa, the disfigured daughter of a samurai doctor and midwife to the city's powerful magistrate. The borders between propriety, profit, and pleasure blur until Jacob finds his vision clouded, one rash promise made and then fatefully broken. The consequences will extend beyond Jacob's worst imaginings. As one cynical colleague asks, “Who ain't a gambler in the glorious Orient, with his very life?” A magnificent mix of luminous writing, prodigious research, and heedless imagination, *The Thousand Autumns of Jacob de Zoet* is the most impressive achievement of its eminent author. Praise for *The Thousand Autumns of Jacob de Zoet* “A page-turner . . . [David] Mitchell's masterpiece; and also, I am convinced, a masterpiece of our time.”—Richard Eder, *The Boston Globe* “An achingly romantic story of forbidden love . . . Mitchell's incredible prose is on stunning display. . . . A novel of ideas, of longing, of good and evil and those who fall somewhere in between [that] confirms Mitchell as one of the more fascinating and fearless writers alive.”—Dave Eggers, *The New York Times Book Review* “The novelist who's been showing us the future of fiction has published a classic, old-fashioned tale . . . an epic of sacrificial love, clashing civilizations and enemies who won't rest until whole family lines have been snuffed out.”—Ron Charles, *The Washington Post* “By any standards, *The Thousand Autumns of Jacob de Zoet* is a formidable marvel.”—James Wood, *The New Yorker* “A beautiful novel, full of life and authenticity, atmosphere and characters that breathe.”—Maureen Corrigan, NPR Look for special features inside. Feeling is the Secret Apr 17 2021 This book is concerned with the art of realizing your desire. It gives you an account of the mechanism used in the production of the visible world. It is a small book but not slight. There is a treasure in it, a clearly defined road to the realization of your dreams.

Measure What Matters Sep 10 2020 #1 New York Times Bestseller Legendary venture capitalist John Doerr reveals how

the goal-setting system of Objectives and Key Results (OKRs) has helped tech giants from Intel to Google achieve explosive growth—and how it can help any organization thrive. In the fall of 1999, John Doerr met with the founders of a start-up whom he'd just given \$12.5 million, the biggest investment of his career. Larry Page and Sergey Brin had amazing technology, entrepreneurial energy, and sky-high ambitions, but no real business plan. For Google to change the world (or even to survive), Page and Brin had to learn how to make tough choices on priorities while keeping their team on track. They'd have to know when to pull the plug on losing propositions, to fail fast. And they needed timely, relevant data to track their progress—to measure what mattered. Doerr taught them about a proven approach to operating excellence: Objectives and Key Results. He had first discovered OKRs in the 1970s as an engineer at Intel, where the legendary Andy Grove ("the greatest manager of his or any era") drove the best-run company Doerr had ever seen. Later, as a venture capitalist, Doerr shared Grove's brainchild with more than fifty companies. Wherever the process was faithfully practiced, it worked. In this goal-setting system, objectives define what we seek to achieve; key results are how those top-priority goals will be attained with specific, measurable actions within a set time frame. Everyone's goals, from entry level to CEO, are transparent to the entire organization. The benefits are profound. OKRs surface an organization's most important work. They focus effort and foster coordination. They keep employees on track. They link objectives across silos to unify and strengthen the entire company. Along the way, OKRs enhance workplace satisfaction and boost retention. In *Measure What Matters*, Doerr shares a broad range of first-person, behind-the-scenes case studies, with narrators including Bono and Bill Gates, to demonstrate the focus, agility, and explosive growth that OKRs have spurred at so many great organizations. This book will help a new generation of leaders capture the same magic.

Become Unmistakable May 31 2022 Break Free From Ordinary Business Leadership HOW DO YOU LEAD YOUR BUSINESS? No two companies operate the same way and neither should their styles of leadership. Unfortunately, many corporations use the same leadership methodologies and are afraid of deviating from the status quo. Business partners MICHAEL D. NOVAKOSKI and JOHN M. PARKER of Elzinga & Volkers, a Michigan-based construction company, believed a different way was possible. In their book, *Become Unmistakable: Start the Journey from Commodity to Oddity*, Novakoski and Parker examine how business leaders can tap into their "right-brained leadership" to foster a creative and employee-centric culture. This book will show you how changing your leadership perspective and moving away from the commodity mindset can reap immeasurable benefits to your business.

An Audience of One Jul 01 2022 The creator of the *Unmistakable Creative* podcast makes a counterintuitive argument: By focusing your creative work on pleasing yourself, you can increase your productivity, happiness, and (eventually, paradoxically) the size of your audience. Creating for your own pleasure—whether you're writing a novel, composing songs, or painting a landscape—can seem pointless. It's tempting to focus on pursuing money and fame, rather than the process itself. But as Srinivas Rao warns, creating then turns into a chore that can harm your self-esteem and suck the pleasure out of life, rather than being a source of joy. Rao, host of the podcast *The Unmistakable Creative*, argues that we should counter this thinking by intentionally creating art for ourselves alone—an audience of one. In this book he shares the fascinating true stories of creatives who took this path, along with actionable tips and the research of creativity experts. You'll learn, for example: • How Oprah's intentional focus on her own work rather than the opinions of everyone else catapulted her into one of the most popular talk shows of all time. • How being process-driven can not only help you produce more work, but can make you happier outside of your creative time. • How to put together a creative "team of rivals" whose feedback can help you hone your craft and filter out useless feedback. By playing to an audience of one, we can find more happiness, increased productivity, and a greater sense of community.

Selfie Dec 26 2021 "An intriguing odyssey" though the history of the self and the rise of narcissism (*The New York Times*). Self-absorption, perfectionism, personal branding—it wasn't always like this, but it's always been a part of us. Why is the urge to look at ourselves so powerful? Is there any way to break its spell—especially since it doesn't necessarily make us better or happier people? Full of unexpected connections among history, psychology, economics, neuroscience, and more, *Selfie* is a "terrific" book that makes sense of who we have become (*NPR's On Point*). Award-winning journalist Will Storr takes us from ancient Greece, through the Christian Middle Ages, to the self-esteem evangelists of 1980s California, the rise of the "selfie generation," and the era of hyper-individualism in which we live now, telling the epic tale of the person we all know so intimately—because it's us. "It's easy to look at Instagram and selfie-sticks and shake our heads at millennial narcissism. But Will Storr takes a longer view. He ignores the easy targets and instead tells the amazing 2,500-year story of how we've come to think about our selves. A top-notch journalist, historian, essayist, and sleuth, Storr has written an essential book for understanding, and coping with, the 21st century." —Nathan Hill, *New York Times*-bestselling author of *The Nix* "This fascinating psychological and social history . . . reveals how biology and culture conspire to keep us striving for perfection, and the devastating toll that can take." —*The Washington Post* "Ablly synthesizes centuries of attitudes and beliefs about selfhood, from Aristotle, John Calvin, and Freud to Sartre, Ayn Rand, and Steve Jobs." —*USA Today* "Eminently suitable for readers of both Yuval Noah Harari and Daniel Kahneman, *Selfie* also has shades of Jon Ronson in its subversive humor and investigative spirit." —*Bookseller* "Storr is an electrifying analyst of Internet culture." —*Financial Times* "Continually delivers rich insights . . . captivating." —*Kirkus Reviews*

Unmistakable Deluxe Sep 03 2022 In this deluxe edition with one hour of bonus content, listen to author Srinivas Rao and business partner, Brian Koehn, discuss their life-changing journey with *Unmistakable Creative*—and how they charted their own course to becoming unmistakable. Stop trying to beat everyone else. True success is playing by your own rules, creating work that no one can replicate. Don't be the best, be the only. You're on the conventional path, checking off accomplishments. You might be doing okay by normal standards, but you still feel restless, bored, and limited. Srinivas Rao

gets it. As a new business school graduate, Srinivas's dreams were crushed by a soulless job that demanded only conformity. Sick of struggling to keep his head above water, Srinivas quit his job and took to the waves, pursuing his dream of learning to surf. He also found the freedom to chart his own course. Interviewing more than five hundred creative people on his Unmistakable Creative podcast was the ultimate education. He heard how guests including Seth Godin, Elle Luna, Tim Ferriss, Simon Sinek, and Danielle LaPorte blazed their own trails. Srinivas blends his own story with theirs to tell you: You can find that courage too. Don't be just one among many—be the only. Be unmistakable. Trying to be the best will chain you to others' definition of success. Unmistakable work, on the other hand, could only have been created by one person, so competition is irrelevant. Like Banksy's art or Tim Burton's films, unmistakable work needs no signature and has no precedent. Whether you're a business owner, an artist, or just someone who wants to leave your mark on the world, Unmistakable will inspire you to create your own path and define your own success.

Unmistakable Oct 04 2022 Stop trying to beat everyone else. True success is playing by your own rules, creating work that no one can replicate. Don't be the best, be the only. Unmistakable Impact Apr 29 2022 This book describes in simple terms exactly how schools should align and organize professional learning to ensure significant positive change in teaching and student learning. The author's partnership principles—a humanizing approach to professional learning—apply to workshops, intensive learning teams (a focused form of professional learning communities), and instructional coaching. This is the first in a two volume series that is designed to provide a simple (not simplistic) framework and a set of tools for improving teaching in schools. (The second volume, *The Big Four*, was proposed last year.)

Small Things Like These Oct 24 2021 Shortlisted for the 2022 Booker Prize "A hypnotic and electrifying Irish tale that transcends country, transcends time." —Lily King, New York Times bestselling author of *Writers & Lovers* *Small Things Like These* is award-winning author Claire Keegan's landmark new novel, a tale of one man's courage and a remarkable portrait of love and family. It is 1985 in a small Irish town. During the weeks leading up to Christmas, Bill Furlong, a coal merchant and family man faces into his busiest season. Early one morning, while delivering an order to the local convent, Bill makes a discovery which forces him to confront both his past and the complicit silences of a town controlled by the church. Already an international bestseller, *Small Things Like These* is a deeply affecting story of hope, quiet heroism, and empathy from one of our most critically lauded and iconic writers.

How to Analyze People at a Glance - Learn 15 Unmistakable Signals Others Put Off Without Realizing It and What They Mean Jan 15 2021 Would You Want to Know What Others Are Thinking about You with 100% Certainty? It's inevitable to feel like someone is attempting to tell you no, even when their words point towards "yes." As humans, we don't always say what we mean and we don't always mean what we say. Communication is complex, intricate and full of layers. Just take a look at the following incredible facts: 55% of communication hides in body language and non-verbal cues Sight accounts for approximately 82% of how we take in information Researchers have identified 19 different types of human smiles, each one with its meaning! The amount of non-verbal communication that we engage in on a daily basis varies between 60 and 90 percent To keep an audience engaged when speaking, you have to maintain eye contact for at least 60% of the time That's a lot to take in, isn't it? Adding cultural specific and personal nuances makes the situation even more complicated. So the question remains - is it possible to read people accurately and respond adequately to their signals? The answer is an obvious yes. You will, however, need to engage in some self-analysis and you'll also have to pay attention to others. Once you become more present in everyday interactions, you will begin pinpointing cues and patterns of behavior that reveal a ton more than spoken word will ever be capable of. To read people, you have to be attentive and emotionally intelligent. Both of these can be learned, boosting your confidence and helping you form more meaningful relationships. In *How to Analyze People at a Glance*, you will discover: The number one reason why non-verbal communication is so much more important than spoken words 7 codes of non-verbal communication everybody should master A surefire way to determine if others are being deceitful The meaning of body language - when words say one thing and the body's telling you something else Practical strategies for differentiating between positive and negative body language Some of the most common signals people give and their meaning Putting the theory of analyzing people to use in your personal relationships Powerful techniques for influencing others and making them like you The basics of neuro-linguistic programming The fine difference between being persuasive and being manipulative And a lot more. As humans, we are all flawed, we're all insecure and we're all looking for a deeper connection. Sometimes, however, we go about it in the worst possible way. *How to Analyze People* will teach you how to go beyond shallow communication and how to look deep into the actions and motivations of others. Equipped with this knowledge, you will excel in your career, you will make new friends and achieve a level of life

satisfaction you've probably considered impossible in the past. Every human being is an open book if you understand its language. If you want to start reading others and responding to their cues better, scroll up and click the "Add to Cart" button now.

Unmistakably French Jul 29 2019 *Unmistakably French*, the fifth book in Betty Lou Phillips' best-selling series on interpreting French décor for American homes, broadens yet again the limits of what French style can do for a home. No matter the location or size of the room to be decorated, the French rarely stray from favored and well-known characteristics of design-eighteenth-century furniture, sumptuous textiles, distinctive porcelains, and oil paintings in original carved-wood frames. In Phillips' newest book, she defines some of these specific secrets that French designers use to create an authentic French look-these certain basic decorating values they hold dear, seducing us with their self-assured approach to glamour, culture, and enduring respect for history. The book includes four sections: Passion for French, Art of Living, Savoir-Faire, and Fluent French. The style and settings seen in these contemporary homes, while American, are *Unmistakably French*. Betty Lou Phillips, ASID, is a renowned designer and the best-selling author of *Provencal Interiors*, *French by Design*, *French Influences*, and *Villa Décor*. She lives in Dallas, Texas.

Building a Second Brain Mar 17 2021 A revolutionary approach to enhancing productivity, creating flow, and vastly increasing your ability to capture, remember, and benefit from the unprecedented amount of information all around us. For the first time in history, we have instantaneous access to the world's knowledge. There has never been a better time to learn, to contribute, and to improve ourselves. Yet, rather than feeling empowered, we are often left feeling overwhelmed by this constant influx of information. The very knowledge that was supposed to set us free has instead led to the paralyzing stress of believing we'll never know or remember enough. Now, this eye-opening and accessible guide shows how you can easily create your own personal system for knowledge management, otherwise known as a Second Brain. As a trusted and organized digital repository of your most valued ideas, notes, and creative work synced across all your devices and platforms, a Second Brain gives you the confidence to tackle your most important projects and ambitious goals. Discover the full potential of your ideas and translate what you know into more powerful, more meaningful improvements in your work and life by *Building a Second Brain*.

The Art of Being Unmistakable Nov 05 2022 "We live in such a hyper-connected society today flooded with so much talent and so much noise. Talent alone won't cut it. Whether you're an artist, musician, writer or creator of sorts, to stand out in the world you must be unmistakable. It's the only option. To create unmistakable work, you must take risks. You must cross lines, personal and professional. You must go to the point of a no return. On my 34th birthday, I asked myself a question. 'If this had been the last year of my life, would I have been ok with how I'd lived?' When my answer was a resounding NO, I knew that something had to change. So I started to write in a way that was more honest, more transparent and more vulnerable than I ever had. I committed career suicide, one Facebook status update at a time. And in that process I found my voice. This collection of essays is about that journey. I hope it inspires you to find that unmistakable artist in yourself"-- Amazon.com.
